CAREER OBJECTIVES

Full Stack Developer with experience in full-stack development using MERN and Java. Skilled in REST API development, system integration, debugging, and secure authentication. Experienced in collaborating with cross-functional teams to build scalable applications.

SKILLS

- **Programming Languages:** Advanced Java, Python, Javascript, Typescript.
- **Frontend Development:** React.js, Angular, HTML5, CSS3.
- **Backend Development:** Node.js, Express.js, Spring Boot, RESTful APIs, JWT authentication.
- **Databases:** SQL, MongoDB, DBMS Concepts.
- **Tools:** Git, Postman, Figma, Docker, VirtualBox.
- **Core Competencies:** Data Structures & Algorithms, System Integration, Debugging, Problem Solving.

EDUCATION

B.Tech **2022 - 2026**
Computer Science & Engineering - **cgpa: 8.95**
Srinivas University, Mukka, Mangaluru, Karnataka

Senior Secondary (XII) Science **2021 - 2022**
YTSS PU College Yellapur, Karnataka **- Percentage: 77.5%**

Secondary (X) **2019 - 2020**
YTSS Yellapur,Karnataka **- Percentage: 78.56%**

PROJECTS

PrimeTrade - Full-Stack App
View
React, Node.js, Express, MongoDB

- Built a full-stack web application with secure user authentication and a dashboard
- Designed **REST APIs** using Node.js and Express while managing data in **MongoDB**.
- Implemented **JWT-based authentication** and protected routes
- Developed modular **React** components for a clean and maintainable UI.

Financial Fraud Detection System
View
Angular, Node.js, Express, MySQL

- Built a full-stack banking and fraud detection system with **Angular** frontend and Node.js backend.
- Designed relational **MySQL** schemas with triggers, views, and stored procedures for fraud monitoring.
- Implemented **ACID-compliant transactions**, automated fraud alerts, and **JWT-based authentication**.

Password Manager
View
Java

- Developed a secure password and note management application using **Java**.
- Implemented AES-based **encryption** and **decryption** to protect sensitive user data.
- Designed master **password authentication** for secure access control.
- Built a u**ser-friendly interface** using Swing for efficient data management.

TRAININGS / CERTIFICATIONS

- **SQL and Relational Databases 101** — IBM Developer Skills Network (14/01/2025)
- **AWS Cloud Foundations** — Amazon Web Services (AWS) (31/01/2025)
- **Java SE 21 Developer Professional** — Udemy (28/07/2025)
- **Data Science & Analytics Certificate** — HP Foundation (31/12/2024)
- **JavaScript Programming** — ETHNOTECH ACADEMIC SOLUTIONS PVT LTD, Mangalore (19/08/2023)

EXPERIENCE

Full-Stack Developer Intern | On-site
EyeQ Dot Net, Mangalore [May 2025 - Aug 2025]

Developed MERN-based modules with JWT authentication and secure sessions, performed debugging and issue resolution to improve system stability, collaborated on testing and feature optimization in a cybersecurity environment.

Software Development Intern | On-site
Softionik Solutions, Mangalore [Dec 2025 - Feb 2026]

Worked on feature implementation, debugging, and code improvements while collaborating with developers to deliver stable and efficient web applications.
